Koelnmesse YA Tradefair Pvt. Ltd.

"India" - Land of Business Opportunities

Population : Over 1.2 billion
 Land Area : 3.29 million sq km
 GDP : Over US\$ 691 billion (at Market Exchange rate)
 GDP Growth : ~ 8%

- ◆ 2nd largest producer of castings in the world and has ambitious growth plans with new capacities being added at rapid pace.
- ◆ Automobile industry to touch annual turnover of USD 145 billion by the year 2016 from current level of USD 40 billion (approx), which offers mammoth business opportunities to Indian Foundries.
- ◆ Use of state-of-the-art equipments and technologies like High Pressure Molding, Automatic Sand Plant and the latest in testing like Spectrometer, Magnetic Particle Testing, Ultrasonic and X-ray examination.
- ◆ The healthy growth of exports - approx 25%-30% year on year.
- ◆ Has major competitive advantage over the foundry industries in the developed countries especially in terms of labour.

The Trade fair

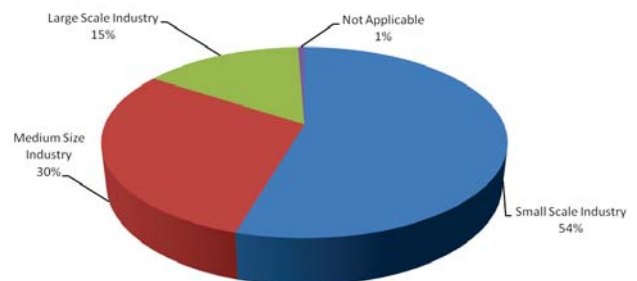

8th International Exhibition on Foundry Technology, Equipment and Supplies & 3rd Cast India Expo concurrent with 60th Indian Foundry Congress and 2nd Asia Foundry Forum will be an excellent platform for the Indian as well as overseas companies to showcase their state-of-the-art technologies and services being offered to this vibrant industry to get exposed to new business opportunities.

Cast India Expo 2012

The first two editions of Cast India Expo organized concurrent to IFEX with exhibitors from across the country, who displayed their latest and innovative castings were very much satisfied with the outcome of these shows. With the success of these two editions we have taken the initiative to organize the third edition of Cast India Expo concurrent to IFEX 2012, 60th Indian Foundry Congress & 2nd Asia Foundry Forum. The presence of these casting manufacturers as exhibitors in the same venue will provide a ready customer base for Indian and International Suppliers.
