

MAMALLAPURAM EXCURSION

Mahabalipuram - A beautiful beach which consists of a tiny village by the sea in which all else is dwarfed by a dream world of awesome Tamil art, an open air museum of sculpture in living rock. The piece de resistance is Arjuna's Penance or the Descent of the Ganga, the world's largest bas-relief, 764 ft. by 288 ft. (27m by 9m). It is a beautiful composition of hundreds of celestial beings, human and animals all hurrying to a natural rock cleft that divides the giant stone. The best known landmark of Mahabalipuram, is the Shore Temple which has stood by the sea for 12 centuries. Its twin spires are pure poetry in granite.
